## 8. day

After breakfast we get up and drive back to the airport. With Lufthansa we fly back to Frankfurt in less than 40 minutes. There begins a connection program or you fly home.

### **Character of the trip:**

The journey is designed in form of a round trip. If your travel plans require it, you can start the journey in consultation with us in Frankfurt and finish in Munich. In this case, your travel price will be reduced by the distance between Munich and Frankfurt.

Our tour is a group trip. Not everyone has the same interests and one or the other may also want to see something special that is not included in the itinerary. Please contact us in time. There is plenty of time that even outside the itinerary an additional program item can be added.

Of course, you may also leave the group for a period of time and explore the city on your own. With the personal ticket and the SIM card we give you the necessary independence to be on your own without any problems.

### **Pre-existing conditions:**

Our guides should know if you are taking medication and / or are suffering from a pre-existing condition. In an emergency we can save your life.

### **Important notes:**

RUNAKAY TRAVEL tries to perform all mentioned program items. Unfortunately it happens that the weather or other reasons (eg strikes) make a change of the travel procedure necessary. For this we ask for your understanding.

Please also note the travel advice of your Foreign Ministry.

After your booking and sending the travel confirmation we expect the payment of 20% of the travel price. We request the missing amount at least one month before the start of the journey.

Please note the minimum number of participants during the journey. If we have not reached the necessary number of persons until 2 months before the start of the journey, we will personally contact you and discuss the further procedure.
